The Supreme anti-fatigue mat is the ultimate in comfort and durability. This premium performance mat is designed to create a healthy barrier between you and the floor. It makes standing more comfortable by reducing back, neck, leg and foot fatigue associated with long-term standing.

SUPREME DUAL

PERFORMANCE SERIES

In addition to providing ultimate comfort and durability, the Supreme Dual anti-fatigue mat offers additional grip support for especially slippery floors in smaller areas. Featuring the same benefits as the original Supreme, the extra grip secures the mat in place resisting dangerous mat travel.

DUAL GRIPPER BACK

SUPREME PRO

PERFORMANCE SERIES

The Supreme Pro anti-fatigue mat is the ultimate in comfort and durability. This premium performance mat is designed to create a healthy barrier between you and the floor. Featuring all of the benefits of the original Supreme with the addition of drainage slots, making it the best anti-fatigue mat for wet working areas.

	BLACK	GRAY
3'x2'x3/4"	1010671	1010672

MOBILE PRO

PERFORMANCE SERIES

Small enough to transport, but large enough to do the job, the MobilePro premium anti-fatigue mat is equal parts comfort, convenience and benefit to the user and is perfect for standing or kneeling. There is even a carrying handle for portability!

22" x 18" x 3/4"	1010677	1010678

StandSmart

STANDING DESK MATS BY SMART STEP

This workplace essential is a premium anti-fatigue standing desk solution, designed to displace and suspend your weight, promoting better productivity throughout your day. Engineered to improve blood circulation, relieve fatigue, and reduce aches and pains associated with prolonged standing. This standing desk mat is sized perfectly for most standing desks or sit-stand workspaces.

ToolSol Removable Hex Bit / Square Drive Extension Set

LDS #1010892: 1/4" Drive: 4 pcs set (1",3",6",10" extensions)

LDS #1010893: 3/8" Drive: 4 pcs set (1",3",6",10" extensions)

LDS #1010894: 1/4" Drive & 3/8" Drive: 8 pcs set (1",3",6",10" extensions)

- Set includes 1", 3", 6" and 10" extensions
- Enables removable bit use with standard hand and power ratchets
- Magnetic retention allows quick bit changes
- Durable powder coated black finish on 3/8" drive; Zinc finish on 1/4" drive
- Saves time, money and space by eliminating the need to own various length specialty sockets

The innovative Insert bit extension set provides an easy solution to adapt preferred drive tools to 1/4 hex bits. Covers both 1/4 and 3/8 drive options in various lengths from 1-10". These provide a quick path to maximizing bit usage. Magnetic retention provides quick and easy bit changes saving you time. Design allows insert bits to be used in more applications. They will save money as well since it would not be necessary to have as many specially designed sockets which also frees up storage space in the toolbox!

- **ToolSol Impact Socket Set for Damaged Wheel Nuts**
- New patented tool design
- Hex impact socket turns up to 85% damaged wheel nut
- Multipurpose design allows for use with new wheel nuts also
- Polypropylene cover for avoiding scratches on alloy wheels
- Set of three: 17mm, 19mm, 21mm
- Plastic Case
